- 1.1 These financial regulations govern the conduct of financial management by the Council and may only be amended or varied by resolution of the Council. Financial regulations are one of the Council's three governing policy documents providing procedural guidance for members and officers. Financial regulations must be observed in conjunction with the Council's standing orders and any individual financial regulations relating to contracts.
- 1.2 The Council is responsible in law for ensuring that its financial management is adequate and effective and that the Council has a sound system of internal control which facilitates the effective exercise of the Council's functions, including arrangements for the management of risk.
- 1.3 The Council's accounting control systems must include measures:

3.2 No expenditure may be authorised that will exceed the amount provided in the revenue budget for that class of expenditure other than by resolution of the Council, or duly delegated committee. During the budget year and with the approval of Council having considered fully the implications for public services, unspent and available amounts may be moved to other budget headings or to an earmarked reserve as appropriate ('virement').
