AGENDA FOR THE ORDINARY MEETING OF FULL COUNCIL 18 JULY 2022

PART I PUBLIC SESSION

1. Meeting Purpose

- a. Members are asked to note that this additional meeting has been called as the meeting held on 11 July 2022 was not properly convened.
- b. Members are asked to consider the matters on the agenda and agree and ratify the matters.

2. Apologies for Absence

Receive apologies from Members.

3. Minutes

Confirmation of Full Council Minutes

- a. Authorise the Chair to sign, as a correct record, the minutes of the meeting of Annual Town Council held on Monday 23 May 2022 and agree they be signed as such by the Chair.
- b. Agree the notes of the improperly convened meeting of 11 July 2022.

Committee Minutes

Note that the minutes from the following committees have been circulated and published on the Council website since the previous ordinary meeting:

- a. Planning Committee: 6 June 2022
- b. Finance Committee: 27 June 2022

4. Declarations of Interest and Requests for Dispensations

Receive declarations by Members of interests in respect of items on this agenda and apply for a dispensation to remain, speak and/or vote during consideration of that item.

Advice Note:

Members are reminded that, in accordance with the revised Code of Conduct, they are required to declare any disclosable pecuniary interests or other registrable interests that have not already been declared in the Council's Register of Interests. (It is a criminal offence not to declare a disclosable pecuniary interest either in the Register or at the meeting.) Members may, however, also decide, in the interests of clarity and transparency, to declare at this point in the meeting, any such disclosable pecuniary interests that they have already declared in the Register, as well as any other registrable or other interests. If a Member requires advice on any item involving a possible declaration of interest which could affect his/her ability to speak and/or vote, he/she is advised to contact the Monitoring Officer at least 24 hours in advance of the meeting.

- i. That a letter of no support be submitted to the leader and CEO of the District Council and the MP.
- ii. That the letter include:
 - a. that any bid for levelling up funding is targeted at the town centre and is complementary to the Borderland funding bid and any monies received.
 - b. concern about the total lack of consultation with stakeholders.
 - c. concern that the district council bid does not align with the required themes for Levelling Up.
 - d. the proposal is a lost opportunity to improve the vitality of the town centre.

PTC22/26 By-election Carleton Ward

Members noted that a by-election had been called for 4 August 2022 for Penrith Carleton Ward.

PTC22/27 Devolution Local Government Reorganisation (LGR)

Members were asked to consider providing delegated authority to the LGR Strategic Planning Group to submit an updated letter to the interim CEO and Leader of the Westmorland and Furness Shadow Council, expressing an interest in the devolution of both district council and county council assets and services, and in so doing secure these for the benefit of Penrith.

RESOLVED THAT:

Authority be approved.

PTC22/28 A66 Community Liaison Group - Northern Trans-Pennine Project

Members **noted** that the:

- i. Development Consent Order (DCO) application for the A66 Northern Trans-Pennine project had been submitted.
- ii. Full suite of DCO application documents would be available on the Planning Inspectorate's website on the A66 page when the application had been processed.
- iii. Planning Inspectorate would decide whether the application met the required standards before it could proceed to examination.
- iv. DCO application, when accepted, it would be advertised on the relevant websites.

PTC22/29 Joint Parking and Movement Study

Members **noted** the Joint Progress Report and were asked to consider writing to Eden District Council expressing disappointment regarding the District Council's lack of progression for initiatives for off street parking to enhance town centre vitality.

RESOLVED THAT:

Authority be awarded to the Town Clerk, Deputy Town Clerk, Council Chair and Vice Chair to write and submit the letter taking into account all Members opinions as expressed within the meeting debate.

PTC22/30 Report from the Council Chair

Members **noted** the duties undertaken by or on behalf of the Town Mayor. Councillor Shepherd informed the meeting that he had visited primary schools and nurseries to deliver Penrith Town Council Jubilee coins.

PTC22/31 Reports from Members

Members **noted** oral reports from Councillors regarding meetings that they have attended as representatives of the Town Council and matters of interest to the attention of the Council for information or future discussion.

- i. **Councillor Knaggs** reported that as Deputy Mayor he had delivered Penrith Town Council Jubilee coins as well.
- ii. **Councillor Jackson** provided the following statement:

Update on Neighbourhood Plan for Council

Due to misinformation or inaccuracies in the public domain I would like to provide the following information to the meeting regarding the Town Council's Neighbourhood Plan. This is for information only and we are unable to debate the plan further.

Fellow members will know that the Independent Planning Inspector has recommended slight changes to some of the plan policies to bring them in line with National Planning Policy which has been revised since our draft document was published. The Inspector has suggested the deletion of policies relating to the protection of green space and leisure and recreation space within the town. The Chair of the Council's Planning Committee wrote an open letter to the people of Penrith asking them to let us know their views on having green space within the Neighbourhood Plan. Thank you to those who responded.

Eden District Council will now consider the report of the Inspector and our request to retain the policies on green and leisure space at Cabinet and Council in September. It is now up to Eden District Council to consider our request which would mean them carrying out another consultation specifically on green spaces or they could just accept the Inspectors recommendations and base the referendum on his revised report.

Our Neighbourhood Plan was developed from the comments and suggestions put forward by the residents and businesses in Penrith. The people of Penrith didn't want us to identify any additional land for new homes over what was already allocated in Eden District Council's Local Plan. It is not the role of a Neighbourhood Plan to set out a detailed masterplan for the area, that is the role of the principal authority working in consultation with those potentially affected.

Having looked at other towns of a similar size, they have spent between £15,000 and £40,000 developing their Neighbourhood Plans and have taken between 3 to 6 years pre covid. We started this critical project in 2016. The work was delayed for 2 years as the District Council were not able to carry out the Regulation 16 consultation and then lock down meant that the visit by the Planning Inspector was delayed. To date the Town Council has spent a total of £22,870 so £3,812 per year.

The three important benefits of the Penrith Neighbourhood Development Plan are that the people who know and love the area have helped shape development, rather than the Local Planning Authority. The Plan gives Penrith legal powers in planning law to influence development in the town. A successful yes vote at referendum means that money comes direct to the town from developers. This money can be used for improvement, replacement, operation and/or maintenance of infrastructure and other projects the Town Council is concerned with. Think what we could do to improve the Town. Development will finally pay off for Penrith!

Although Eden District Council have not adopted CIL, both South Lakeland and Barrow Borough Council have. It is hoped that this will be adopted across the whole of the new authority area for Westmorland and Furness. Any CIL revenue collected by the principal authority is passed directly to parish and Town Councils who have an adopted Neighbourhood Plan. This funding can then be used by the Town Council to make improvements or fund projects in the town matching priorities expressed by local residents.

I would strongly recommend to the public that if they have any questions about this process and the importance of Penrith's Neighbourhood Plan, that they contact the Penrith Town Council office directly.

- iii. **Councillor Davies** reported that he was managing ward cases for visitor parking permits with restricted height restrictions that were impacting on vans delivering or attending houses as they were taller than the approved height limit. Councillor Davies expressed concern regarding graffiti, vandalism and anti-social behaviour that appeared to be increasing.

Councillor Donald informed the meeting that he had volunteered as an individual for a refugee project, which he found to be uplifting and participated in a Festival of Hope, which was inspirational and that he could imagine a similar event would be beneficial for Penrith.

Councillor Kenyon informed the meeting that he attended the English Conversation Group, which was held every Thursday in Penrith Library, which is for people for whom English is their second language

Councillor Snell informed the meeting that she had been attending PERN meetings and supporting their projects, which welcomes refugees to Penrith and encourages diversity.

PTC22/34 Resolutions Tracker Report

Members **noted** the Resolutions Tracking Report and were asked to consider each report that arose for matters from the previous meeting:

PART II PRIVATE SECTION

There were two further items in this part of the Agenda.

The following was exempt information as it related to the financial or business affairs of any particular person (including the authority holding that information) and personal sensitive information relating to members of staff and third party financial matters.

PTC22/37 Grants

Members considered the Grants Report and recommendations contained within.

RESOLVED THAT:

- i. Stomping Ground be awarded a grant of £2,768 towards the Outdoor Play Project and Summer Activity scheme at Pategill and Thacka Beck Field which represents 80% of project cost for the additional activity.
- ii. Penrith Pumas WRC be awarded a grant of £3,983 towards the purchase of a bespoke rugby wheelchair, which represents 80% of the purchase cost.
- iii. Eden Arts is not awarded a grant on this occasion as the application is contrary to the Grant Scheme paragraph 2.7 which states that 'an organisation can only apply for an annual grant up to a maximum of three times in a Council four-year term. Each application should be for a new project on each occasion.' Eden Arts Trust was awarded a grant of £3,000 for the 2021 Winter Droving event [CCEG 06 September 2021, Minute CCEG21/16] and as such, this application is refused, as the project is the same as the previous grant awarded by this Council.

PTC22/38 Staffing Matters

Members received an oral update regarding staff sickness absence management and recruitment.

REPORT TO FULL COUNCIL

Date: 18 Jul 2022

Public Report

This report contains underlined links to external websites.

Item no: 6

Matter: Penrith Local Cycling and Walking Infrastructure Plan (LCWIP)

Authors: Economic Development Officer and Deputy Town Clerk

Supporting Member: Councillor Jackson, Chair of Planning Committee

Purpose of Report: To provide an overview of the current position.

Summary: LCWIP's are designed to increase active travel to make Cumbria a place where cycling and walking is easily accessible, safe to use, attractive and well maintained. Developing an infrastructure that makes it easier for people to travel on foot or by cycle, will make walking and cycling a practical choice as well as a healthy and sustainable one. The scheme of work is developed in line with the [Department for Transport's Cycling and Walking Investment Strategy](#) and their supporting [Technical Guidance for Local Authorities \(2017\)](#). A key aspect in their production is a document that has undergone full public and wider stakeholder engagement. Cumbria's LCWIPs will produce:

- Network plans for walking and cycling which identify preferred routes and core zones for further development
- Prioritised programmes of improvements for future investment
- Reports, which set out the underlying analysis carried out and a narrative, which supports the identified improvements and networks.

Producing LCWIPs in Cumbria will allow the planning and improving the conditions for cycling and walking by:

- Identifying cycling and walking infrastructure improvements for future investment in the short, medium and long term
- Ensuring that consideration is given to cycling and walking within both local planning and transport policies and strategies
- Providing the evidence base to make the case for future funding for walking and cycling infrastructure.

The focus of the LCWIPs is the improvement of routes used for everyday shorter journeys, such as to work, school or the shops. They aim to identify good quality infrastructure that connects the places people need to get to, in a coherent, direct, safe and attractive way.

Use this underlined link to open [CCC Strategic overview document](#)

Recommendations: Members endorse the LCWIP for Penrith.

Law and Legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

Contribution to Council Business Plan: Living Well - Vibrant Town and Economy

A growing economy contributes to a healthy population. We will work with partners and stakeholders to build on our approach for business growth, branding and promotion of strong, sustainable tourism.

Encourage Penrith's economic and social growth by working collaboratively to encourage business, health, arts, culture, heritage, tourism, and recreation, initiatives, and projects, that are essential to enjoying a good quality of life, for well-being and the vitality of Penrith.

Focus on everyone matters, encouraging best possible inclusive quality of life.

Climate Change

Valuing our environment by responding to climate change, safeguarding our heritage and developing schemes to adapt to climate change and encourage sustainability.

1. Background

- 1.1 The Cumbria Transport Infrastructure Plan (2022 – 2037) sets out the strategy for Active Travel in Cumbria and the development of LCWIPs are a key part of this. The County Council has committed to the development of a series of LCWIPs.
- 1.2 The LCWIP for Penrith outlines the network of key cycling and walking routes in the district. The focus of the Penrith LCWIP is the improvement of routes used for everyday shorter journeys, such as to work, school or the shops. It aims to identify good quality infrastructure that connects the places people need to get to, in a coherent, direct, safe and attractive way.
- 1.3 Recognising that it is not always possible to connect everywhere and that funding for delivery needs to be secured, the Penrith LCWIP focuses on the routes where the most benefits can be realised. Support for walking and cycling infrastructure usually increases further once it is built and people are using it. Over time, these priorities can be built on to deliver a more extensive network to encourage and support a step change in the number of people cycling and walking.
- 1.4 The Penrith LCWIP is a not a funded plan however, having an LCWIP in place will put the Council in the best possible position to secure future funding for the delivery of improvements.
- 1.5 Public consultation on the draft LCWIP proposals was undertaken in July and August 2021.

- 1.6 During this consultation, the draft priority network for cycling was presented. Feedback was sought on the existing barriers to cycling and walking and what improvements could be made to encourage more everyday short journeys to be undertaken by active travel. The consultation received 209 questionnaire responses.
- 1.7 Through the consultation, it was established that 91% of respondents welcomed more money being spent on cycling and walking in Penrith and 57% felt the proposals in the Penrith LCWIP would encourage them to cycle or walk more often.
- 1.8 A second round of public consultation took place in February 2022, presenting the updated priority cycling and walking networks reflecting the feedback received in the first consultation. 58 responses were received, showing the same strong desire for future investment in cycling and walking infrastructure.
- 1.9 The Penrith LCWIP provides a prioritised investment plan for cycling and walking in Penrith area over the next 15 years.
- 1.10 The LCWIP considers the overlaps and synergies with other plans, schemes and strategies, including the Penrith Parking and Movement Study. This means the network priorities will be reviewed and updated periodically, particularly if there are any significant changes in local circumstances, such as the publication of new policies or strategies, new development sites, if funding bids are successful and as walking and cycling networks mature and expand.
- 1.11 The LCWIP is a live document that will be regularly reviewed to ensure the most appropriate routes for cycling and walking are identified and prioritised for future delivery.

2. Proposal Details

- 2.1 That Council support and endorse the plan for Penrith: [View the plan using this underlined link.](#)
- 2.2 The Eden Area Local Committee has already endorsed the LCWIP.

3. Organisational Implications

Options Analysis including risk assessment

a) Risks - That the following Council Business Plan priorities are not delivered:

Enable and promote safe cycle ways and pathways to make it safer and more appealing for residents and visitors to cycle and walk to their destination.

Assist the delivery of the actions from the joint authority Parking and Movement Study and the Local Cycling and Walking Infrastructure Plan to improve the pedestrian experience, foot flow, reduce town centres emissions, improve, and provide safe cycling and walking routes, and support community transport schemes.

b) Consequence

Impact on the Council's reputation and perceived ability to work with stakeholders and the community to deliver the Council's Business Plan and town centre projects

c) Mitigation

The Council supports this and similar projects through positive and productive collaborations and partnership working.

4. Financial and Resource Implications

There are no implications.

5. Equalities Implications

There are no implications.

6. Climate Change and Environmental Implications

Supports the Council's Climate Change Strategy.

REPORT TO FULL COUNCIL

Date: 18 July 2022

Public Report

Item no: 7

Matter: Inspiring Eden Enterprise Hub / Levelling Up Fund

Author: Deputy Town Clerk

Supporting Member: Chair of Council

Purpose of Report:

Consider the request by Eden District Council to support the Inspiring Eden Enterprise Hub and agree a response.

Recommendations

The Committee is recommended to request that any bid for levelling up funding is targeted at the town centre and is complementary to the Borderland funding bid and any monies received.

Law and legal implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

Link to Council Priorities

Contribution to Council Business Plan: Living Well - Vibrant Town and Economy

The Council Business Plan sets out our commitment to improving the lives of local people and delivering good quality services that are responsive to local needs and expectations.

1. Background

- 1.1 On 19 April 2022, the Interim Economic Development Manager at Eden District Council circulated an Inspiring Eden Expression of Interest Form in order to collect and collate project proposals from across Eden to shape and develop a programme of projects to drive and accelerate delivery of Eden District Council's plan for economic recovery and prosperity.
- 1.2 At the Annual Meeting of the Town Council on 23 May, Penrith Town Council considered submitting an expression of Interest for Inspiring Eden. The Council wrote suggesting that the two most significant projects that would facilitate economic growth and town centre vitality in Penrith would be free or reduced-rate off-street parking and the development of Castle Park.
- 1.3 On 23 June, the Town Council received a request from the Interim Economic Development Manager at Eden District Council asking for a letter of support a single bid going forward to the Levelling Up Fund to provide an Inspiring Eden Enterprise Hub on land owned by a third party and with outline planning permission for a business park next to Stoneybeck Roundabout. It is stated that the hub would be a modern enterprise facility providing a mix of office, studio, workshop and collaborative spaces.
- 1.4 It would appear that stakeholders have not been involved in the development of the proposal to enable "joined up" investment planning to support Penrith.

- 1.5 The second round of the Levelling Up Fund focusses on; local transport projects that make a genuine difference to local areas, town centre and high street regeneration, and support for maintaining and expanding the UKs world-leading portfolio of cultural and heritage assets. In particular the fund will look to support:
- i) Transport investments – including (but not limited to) public transport, active travel, bridge repairs, bus priority, local road improvements, major structural maintenance, and accessibility improvements.
 - ii) Regeneration and town centre investment – e.g. upgrade eyesore buildings and dated infrastructure, acquire and regenerate brownfield sites, invest in secure community infrastructure and crime reduction, bring public services and safe, accessible community spaces into town.
 - iii) Cultural investment – maintaining, regenerating or creatively repurposing existing cultural, creative, heritage or sporting assets or creating new assets that serve those purposes including theatres, museums, galleries, production facilities, libraries, visitor attractions (and associated green spaces), sports and athletics facilities, heritage buildings and sites, and assets that support the visitor economy.
- 1.6 However, the bid being submitted by Eden District Council is to support investment in a new high quality business support space that will provide a centre of excellence for the promotion of rural enterprise serving Eden district as a whole and an out-of-town location.
- 1.7 The proposal that Eden District Council are asking for support for is an out-of-town initiative on land that was given outline permission in 2018 (planning application No 17/0928). The outline permission given was for categories:
- 1.8
- i) **B1** – offices except those already mentioned within Class A2 (i.e. financial services, professional services (except those involving health or medical or any other services deemed appropriate for location within a shopping area), premises for research and development or industrial processes which 'can take place in a residential area without damaging the "amenity of the area"')
 - ii) **B2** – general industrial use for the use of carrying on an individual process other than one falling within classes B3 to B7 (i.e. relating to activities which must be registered according to the Alkali Etc Works Regulation Act 1906, certain types of metal works, industrial processes for minerals except where quarry based e.g. producing rubber from scrap, work with oils, gums, resins or other chemical compounds and processes for materials of animal origin e.g. processing potential foodstuffs, producing mature or processing skins.
 - iii) **B8** – storage or distribution.
- 1.9 Although an enterprise hub would be welcome to attract investment, new jobs and business start-ups to the area, it could be argued that any new office space should be located within existing town centre units as those people would then be encouraged to support the current business within the centre and bring vitality into Penrith.

- 1.10 Any arts and culture development within the town should include Castle Park as a destination venue. The Town Hall has already been suggested as a cultural hub with office space for other organisations being provided in Voreda House, whilst the Two Lions and an empty unit in New Squares have also been identified by Eden District Council as potential business support hubs for Inspiring Eden.
- 1.11 The criteria for the Levelling Up Fund is for town centre regeneration and not for an out of town development 2-3 miles from the centre.
- 1.12 The proposals being put forward have been suggested through the Borderlands process. It would be better to use this opportunity to draw down funds that could be used to support Borderlands and not compete against it. An enterprise hub should definitely not include an arts and culture offer and concentrate on attracting business that are more suited to a business park with its associated transport links.

Briefing Note

To	Inspiring Eden Stakeholders
From	Inspiring Eden Delivery Team
Date	21 June 2022
Title	Levelling Up Funding Bid – Inspiring Eden Enterprise Hub (IEEH)
Purpose	To provide background to the Inspiring Eden Enterprise Hub proposal (which will be submitted to the Government's Levelling Up Round 2 call for bids) as the basis for seeking letters of support from Inspiring Eden stakeholders

To date 101 Inspiring Eden Expressions of Interest (EOI) have been received which are currently being evaluated to help develop a comprehensive pipeline and programme of projects to:

- Inform the LUF Round 2 Bid
- Inform the production of the UKSPF Investment plan
- Inform the production of other bids and investment plans including the current Borderlands Inclusive Growth Deal for Penrith; and
- Produce an Inspiring Eden Levelling Up Prospectus to describe and present the overarching Inspiring Eden Programme and how the EOIs will be moved forward to support project development and delivery.

Following an assessment of Inspiring Eden Expression of Interests, the focus for the Inspiring Eden Levelling Up Bid will be the Inspiring Eden Enterprise Hub (IEEH), which will form the basis of a final bid for submission by 6 July 2022. The total value of the bid is £8 million with £7.2 sought from the LUF with the remainder being met by the landowner and the existing Inspiring Eden budget.

The IEEH will be a purpose built state of the art modern enterprise facility providing a mix of office, studio, workshop and collaborative spaces and strategically located north of Penrith at the junction of the A6 and B5305 leading to Junction 41 of the M6; see Annex 1 for location of site. It will be built to the highest sustainability standards and provide an exemplar for commercial development across the wider area. A full feasibility study is underway and will be completed in time to support the bid. Initial analysis (which will be firmed up over the coming weeks) indicates that the key elements of the IEEH will include:

- Easy in/out terms to support new business start-ups and business acceleration across all sectors with a particular focus on creative, arts, and knowledge based businesses all driving rural excellence across Eden and the wider economy, generating up to an estimated 80 new businesses, 500 new jobs and £20m of economic benefits in the first 10 years of operation;
- A hub for local business support services from which to consolidate the existing offers and provide targeted outreach support to a range of locations across the whole district, thereby maximising the impact of business support to drive levelling up, economic recovery and prosperity;

- A live demonstration project to provide a living lab on how to shape and deliver strategic projects to drive economic recovery and prosperity in a rural economy;
- A collaboration space for nurturing cross sector and academia / business working to unlock the full potential of knowledge exchanges and transfers;
- A landing pad for inward investment to provide a base for forward teams to locate and plan and deliver the required accommodation, support and infrastructure required; this could be either on the same site as the Inspiring Eden Enterprise Hub or other sites across the district; and
- Providing a strategic hub to support the work of Lancaster University, the University of Cumbria and other academic research organisations in developing the opportunities offered by the M6 Cyber and Digital Corridor.

Discussions with the land owner are well advanced and they have committed to providing the 2 acres required for the development of the IEEH. The partnering arrangements will be confirmed over the coming months ready for mobilisation this autumn. The indicative timeframe for project development and delivery, subject to the outcome of LUF bid, is as follows:

- **April to July 2022** – Development of concept and submission of LUF bid
- **July to October 2022** – Confirmation of the position of the land with landowner and development of mobilisation timetable
- **September to November 2022** – Appointment of Project Manager/ Quantity Surveyor consultants to act as EDC's agents
- **November to February 2023** – Appoint of delivery team (Architect, Structural and Civil Engineer & Principal Designer)
- **February to September 2023** – Securing detailed planning permission
- **May to October 2023** – Procure main contractor
- **October to March 2024** – Procure operator
- **November 2023 to October 2024** – Construction
- **December 2024** – Open

Subject: Request for Letter of Support for the Inspiring Eden Enterprise Hub | Levelling Up Fund BID by Friday 1 July 2022

Dear Carol

I am writing to ask for your support for a new Inspiring Eden Enterprise Hub. This new purpose built state of the art modern enterprise facility providing a mix of office, studio, workshop and collaborative spaces forms the basis of Eden's Levelling Up Fund BID **which has to be submitted by Wednesday 6 July 2022.**

Background: Levelling Up Fund Bid

The Levelling Up Fund is designed to invest in infrastructure that improves everyday life across the UK. The £4.8 billion fund will support town centre and high street regeneration, local transport projects, and cultural and heritage assets. Eden District Council is submitting a £7.2m bid for the second round of the Levelling Up Fund [LUF] which was announced at Spring Statement 2022.

Inspiring Eden Enterprise Hub

Eden's Levelling Up Fund BID is to support investment in a new high quality business support space. It that will provide a centre of excellence for the promotion of rural enterprise serving Eden district. Full details about the Enterprise Hub are provided in the attached briefing note.

Letters of Support

As part of the LUF Bid we are asking local organisations to provide letters of support for the Inspiring Eden Enterprise Hub. If you are in support of this new facility please could I ask that you send a letter (ideally on letter-headed stationary) to me by return of email. We are working to tight deadlines and would need the letter by end of play on **Friday 1st July**. These letters will be used as supporting evidence for the LUF Bid.

If you have any question regarding the Enterprise Hub, or Eden's Levelling Up Bid, please do not hesitate to contact me by return or on 07912 501 836.

3) Key messages that can be shared externally

- Penrith Parking and Movement Study was a joint project of Cumbria County Council's Eden Local Committee, Eden District Council and Penrith Town Council.
- The primary objective was to develop a coherent and comprehensive parking and movement strategy, which meets the requirements of residents, businesses, commuters, and visitors, and identifies measures to provide:
 - A suitable parking offer to support the functionality, attractiveness, and viability of Penrith, which addresses current issues and supports future capacity
 - Improved walking and cycling connectivity, within Penrith, focusing on walking and cycling route connections from existing car parking areas to:
 - The town centre,
 - Key employment areas; and
 - The rail and bus stations.
- To deliver several of the schemes/projects highlighted by the Study, CCC is currently working on a Parking protocol, which will be a governing document to guide implementation of improvements
- To deliver several of the schemes/projects highlighted by the Study, EDC is creating a Parking Charter which both explains the off-street parking offer in Penrith and the future development needed

ITEM 11- 18 JULY 2022

- Several the infrastructure improvements highlighted by the study are dependent on Section 106 funding, which is funding received from Housing Developers to make improvements to the local area.
- Work to deliver improved Parking signage is currently underway, with CCC, EDC and PTC officers working together to deliver.
- Pay by Phone launched in EDC off-street car parks in April 2021.

Appendix 1 – Full description of Packages

Scheme ID	Scheme Description	Delivery Programme
Package 1 - Additional Parking Capacity <ul style="list-style-type: none"> • Caters for future increases in parking demand near the railway station • Addresses a shortage of affordable long-stay parking around Penrith Railway Station • Alleviates capacity constraints to serve users of the existing railway station car park 		
6	Increased car parking short and long stay in areas around the station. New car park near the rail station potential site identified	3 Years

ITEM 11- 18 JULY 2022

6	<p>Increased car parking short and long stay in areas around the station.</p> <p>Castle Retail Park negotiation, utilise parking at the Retail areas to the south of the railway station. Agreement would be required between EDC and Castle Retail Park landlords and tenants. An intervention would need to be agreed and advertised to rail users.</p>	6 Months
60	<p>Explore a Park and Ride Service</p> <p>Should the longer-term needs of the town result in increased requirement for more long stay parking, the provision of additional long stay car park capacity in the form of a park and ride outside of the town centre would be a viable option. This would require discussions with Stagecoach, Cumbria County Council and any private car park owners.</p>	6 Months
<p>Package 2 - Long Stay Parking in Penrith</p> <ul style="list-style-type: none"> • Disparities in car parking capacity in Penrith • Parking on the edge of the Controlled Parking Zone • Restrictive methods of payment on some car parks around town • Excess demand at certain car parks within the town, whilst others remain below capacity 		
10	<p>Provide long stay parking capacity at supermarkets</p> <p>By using existing spare parking capacity at the supermarkets in Penrith, this intervention would improve the offer of long-stay parking in Penrith. This would reduce the extent and quantity of workers parking on-street in locations beyond the Controlled Parking Zone. The delivery of this intervention is dependent on the development of a leasing strategy between EDC as the planning authority and the supermarkets within Penrith</p>	1 Year
13	<p>Review of season ticket intervention allocation and tariffs</p> <p>Delivery of this intervention would provide additional season tickets for long stay users who request one. This will reduce long stay on-street parking beyond the Controlled Parking Zone. EDC to review existing season ticket allocations and tariffs and prepare revisions to the number of season tickets allocated.</p>	2 Years
14	<p>Review of car parking tariffs</p> <p>Review of existing parking tariffs charged for visitor parking in Penrith. Whilst having an impact on net revenue for EDC, this intervention would make parking in the town more desirable for visitors, potentially increasing public spending in Penrith. EDC would be required to assess the impact on revenues and propose a new tariff for implementation.</p>	2 Years

ITEM 11- 18 JULY 2022

16	<p>'Pay on departure' in car parks</p> <p>Increase the range of payment methods available at some car parks in Penrith, which would in turn, likely increase the length of stay in the town centre. Through implementation of 'pay on exit' or 'tap-in tap-out' measures, this would encourage people to stay longer in the town, by removing the feeling that they are time-capped by their parking. EDC would need to seek advice and prepare a business case for options to the convert current payment machines to accept pay on departure.</p>	2 Years
18	<p>Review off street permit provision</p> <p>A review of existing permit allocation to ensure that permits are allocated more effectively, and that they benefit those in the community who need them most. This would require EDC to review previous provision and application data and develop a revised strategy for future allocation. This should be monitored to ensure the new strategy is effective when delivered.</p>	6 Months
55	<p>Implement a signage strategy to better direct drivers to car parks</p> <p>Improvements to signage to car parks in Penrith would ensure visitors can better navigate around the town in search for a suitable car park, making use of under-utilised car parks. Improvements to static signage in the medium term, with an aim to install electronic signage in the long-term based on the monitoring of car park use.</p>	April 2021- March 2022
62	<p>Provide Parking and Movement Information</p> <p>Information, mainly intended for visitors, on the provision of parking information, so that they know where to park for long or short stays in the town.</p>	6 Months

Package 3 - Town Centre Parking

- Discrepancies in existing on-street parking policy
- Improved management of the on-street environment

17	<p>Develop a new on street parking policy</p> <p>A review, and subsequent adjustment to the existing on-street parking policy to ensure that on-street parking is better utilised across Penrith. Development of a pilot intervention for adoption in Penrith, with associated consultation with the public and key stakeholders.</p>	April 2021- March 2022
19	<p>Review the maximum parking duration programme using discs through the town</p> <p>Reduce the maximum on-street stay in the town centre, which would facilitate provision for on-street visitor parking for single use shopping/business trips. The development of this intervention would require CCC to revise the existing orders in line with the Traffic Regulation Order (TRO) process.</p>	April 2022 – March 2023
20	<p>(Ullswater Road) Review the extent of the controlled parking zones</p> <p>Controlled parking for Castle Park and Ullswater Road is recommended and is aimed at improving the parking offer for leisure users throughout the day. Delivered via revisions to the existing orders in line with the TRO process.</p>	April 2022 – March 2023

ITEM 11- 18 JULY 2022**Package 4 - On-Street Parking (Residential)**

- Use of spare daytime on-street parking capacity on residential streets
- Excess pressure on certain zones within the Controlled Parking Zone (CPZ)
- Excess allocation of permits for new developments, causing issues for existing developments

21	Review the number of visitor permits Facilitate more regular visits for those who may be reliant on carers. This would allow visitors to park, uncharged with the use of a disc. Consultation with the public and stakeholders prior to a revision to the existing TRO. This intervention would also require updates to existing signage.	2 Years
22	Provide on-street permit supply relative to kerb side capacity Reduce pressure on high demand parking zones in Penrith through a revision to parking permit policy. Implementation of this intervention would require consultation with residents and stakeholders, and regular monitoring of on-street permit occupancy.	1 Year
23	Rationalise residential parking exemptions in commercial streets in the town centre Ensure local businesses are served by 2-3 short-term visitors' spaces. This would likely encourage more spending in local shops, boosting the local economy. Consultation and revision of existing TRO would be required prior to implementation of changes.	2 Years
31	Review parking permit provision for new residential developments Review of parking permit provision for any new development within Penrith. The policy is aimed at reducing pressure on existing parking capacity, whilst also promoting a reduced reliance on car travel for residents within the town. Revision of guidance, and EDC should aim to integrate the intervention into planning policies.	6 Months

Package 5 - Penrith Town Centre Improvements

- Addresses conflict between motorised vehicles and pedestrians at Great Dockray
- Addresses safety issues associated with the area around Lloyds bank, accommodating the needs of both pedestrians and motorised vehicles

26 & 27	Develop a greenspace community area at Great Dockray (Part of EDC's LP's IDP) Reduce parking at Corn Market/Great Dockray These interventions are aimed at rationalising the existing layout at Great Dockray one of which builds upon EDC Local Plan ID27-reduce parking at Great Dockray implementation of ID26 (greenspace community) is dependent on the effectiveness of the IDP intervention	Part of IDP
---------	--	-------------

ITEM 11- 18 JULY 2022

36	Parking improvements around Lloyds Bank Provide an improved pedestrian area whilst increasing the number of available parking bays. Any further development would require public consultation prior to implementation.	3 Years
54	Reconfigure Market Square (Part of EDC's LP's IDP) Developed as part of the EDC's IDP, in order to support the development of the Local Plan. This would facilitate safer pedestrian movements, whilst also making the parking offer more effective. Develop outline designs and subsequent detailed designs. Any further development would require public consultation prior to implementation.	Part of IDP

Package 6 - Nuisance Parking

- Addresses issues caused by illegal parking of HGVs in Castletown, such as littering, by more adequately enforcing restrictions
- Addresses parking and safety concerns along Wetheriggs Lane

29	Develop parking restrictions in areas of Castletown (in and around Gilwilly Lane) Help address issues caused by illegal parking of HGVs in Castletown and the wider area, such as littering, by more adequately enforcing restrictions. Need to increase the number of patrols and ensure violating HGV companies are contacted.	6 Months
30	Identify improvements around the Wetheriggs Lane area Reduce the volume of parking around the Wetheriggs Lane area, to improve the operational safety of the highway. Revisions to the existing orders in line with the TRO process.	April 2022 – March 2023

Package 7 - Cycling and Walking Connectivity Improvements

- Gaps in existing walking and cycling network
- Areas of severance around Penrith
- Poor connectivity between the bus and train stations and the town centre, as well as between car parks

32 & 41	Walking and Cycling connectivity improvements Connectivity improvements between the bus and railway station Improve connectivity for walkers and cyclists between the railway station, the town centre and car parks around Penrith. This complements proposed IDP interventions as it aims to provide infrastructure in areas which there are future gaps in the network. Additionally, the development of this intervention will be used as part of the LCWIP for the whole town, set to commence in autumn 2020. Has an interdependency with ID40 which is identified as part of EDC's Local Plan IDP. The design team needs to be aware of the overlap of these improvements to ensure that the first phase of the design does not inhibit further design phases in the future.	3 Years
---------	---	---------

ITEM 11- 18 JULY 2022

37	<p>Improve the Underpass at Mallard Close</p> <p>Allow for better connectivity between the east and west of the railway line via an improved underpass. This would facilitate active mode trips. Need to develop outline and detailed design, as well as carrying out public and stakeholder consultation.</p>	Part of IDP
38	<p>Provide Facilities for pedestrians at side crossing points in Penrith Town Centre</p> <p>Deliver improved infrastructure for pedestrians at Pennyhill Park, Foster Street, Robinson street and Lark Lane. These improvements would improve the safety for pedestrians navigating around these routes. Outline Design was complete in March 2020 – further development of detailed design is required, as well as public and stakeholder consultation.</p>	Part of IDP
39	<p>Improvements to junction with Brunswick Square/ Watson Terrace and Stricklandgate</p> <p>Deliver an improved layout to the existing Brunswick Square / Watson Terrace and Stricklandgate area of Penrith. Additionally, this intervention facilitates safer movement between car parks around the town. Further developments of designs, as well as carrying out public and stakeholder consultation.</p>	Part of IDP
40	<p>Provide facilities for pedestrians at roundabouts along the A592 with Cromwell Road and B5288 Norfolk Road</p> <p>The Cromwell Road roundabout arrangement is a significant point of severance for pedestrians and cyclists travelling between the railway station and the town centre/bus station. This intervention would therefore deliver improved accessibility between the rail and bus stations, as well as between car parking areas in the town centre. This intervention has an interdependency with ID32/ID41. The design team needs to be aware of the overlap of these improvements to ensure that the first phase of the design does not inhibit further design phases in the future.</p>	Part of IDP
45	<p>Increase cycle storage across the town</p> <p>Deliver an increase in cycle parking at strategic locations around the town to encourage cycling for people travelling to and from the town. The delivery of this intervention should be considered as part of the Penrith LCWIP, which will be progressed as of autumn 2020.</p>	6 Months
46	<p>Provide cycle facilities along the eastern side of the A6 past the hospital</p> <p>Provides a cycle route linking the existing National Cycle Route through the centre of the town. Need to develop outline and detailed design, as well as carrying out public and stakeholder consultation.</p>	Part of IDP
52	<p>Upgrade the Stricklandgate/Portland Place junction</p> <p>Comprises the removal of on-street parking, aiming to provide additional space for pedestrians. This intervention has recently been developed to detailed design and would require further consultation prior to implementation.</p>	Part of IDP

ITEM 11- 18 JULY 2022

53	Reconfigure the layout of Corney Place Deliver improved accessibility within the town centre for pedestrians travelling via Stricklandgate / Portland Place. Outline Design was complete in March 2020 further development of detailed design is required, as well as public and stakeholder consultation.	Part of IDP
Package 8 - Travel and Demand Technology Improvements • Cycle safety • Lack of EV charging infrastructure in Penrith • Encouraging modal shift to active modes		
43	Raise awareness of sharing road space with cyclists Deliver improved safety for cyclists along key routes into, and through, Penrith. As part of local or national advertising campaigns, implement a campaign to raise awareness of cyclists.	6 Months
56	Electric vehicle charging infrastructure strategy Increase the infrastructure provision of electric vehicle charging points for residents, businesses and visitors in Penrith. As part of the strategy, strategic opportunities to implement EV charging points would be identified to future proof Penrith.	6 Months
63	Travel demand management measures Changing people's behaviour by reducing the number of single occupancy car trips that are made by residents, employees and visitors within Penrith. EDC are required to undertake a best practice review and identify measures which would benefit Penrith the most.	Scope not defined - typical programmes run for one to two years

REPORT TO FULL COUNCIL

Date: 18 Jul 2022

Public Report

This report contains underlined links to external websites.

Item no: 14a

Matter: Rural Market Town Group Membership (RMTG)

Authors: Town Clerk

Supporting Member: Councillor Shepherd Chair

Purpose of Report: To provide an overview of the current position.

Summary:

As an organisation, the Rural Services Network, of which the RMTG is a part, campaigns for fair funding for rural communities and have informed Council that:

- a) Rural areas in 22/23 will receive some 37% (£105) per head in Settlement Funding Assessment grant LESS than their urban counterparts.
- b) Rural residents will pay, on average, 21% (£104) per head MORE in Council Tax than their urban counterparts due to receiving less government grant.
- c) The higher council tax in rural areas must be paid for from on average lower locally earned wages.
- d) Rural councils have available to spend only a third of the money (per head of population) available for discretionary services when compared to the per head availability calculation for urban areas. [Please remember this is the per head position so the fact that rural areas have lower populations and lower numerical service demands has already been accounted for].
- e) This unfair funding and its consequences affect the lives of people in rural areas, as Councils must deliver services that cost more due to sparsity, from significantly smaller budgets than urban authorities. The resulting thinner rural services will negatively affect local communities and the level of trading in towns.
- f) The RSN are the national champion for rural services, and work on behalf of members to ensure that rural areas have a strong voice.

Website: <https://www.rsnonline.org.uk/page/rural-market-town-group>

Recommendations:

- i. Members support the opportunity to remain as members of the RMTG for no fee for 12 months.
- ii. That the Town Clerk/Economic Development Officer represent the Town Council for the Officers Group.
- iii. Cllr. Burgin, who has offered to represent the Town Council, join the Members Group.

Law and Legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

Contribution to Council Business Plan: Living Well - Vibrant Town and Economy

A growing economy contributes to a healthy population. We will work with partners and stakeholders to build on our approach for business growth, branding and promotion of strong, sustainable tourism.

Encourage Penrith's economic and social growth by working collaboratively to encourage business, health, arts, culture, heritage, tourism, and recreation, initiatives, and projects, that are essential to enjoying a good quality of life, for well-being and the vitality of Penrith.

Focus on everyone matters, encouraging best possible inclusive quality of life

Background

- 1.2 At the Annual Town Council Meeting Council 23 May 2022, Members agreed not to continue with the membership of the RMTG [Minute ref: PTC14ii] because the officer and Members who attended the meetings were unable to report to the meeting that their attendance had been beneficial.
- 1.3 The RMTG is a fledgling organisation and is keen that Penrith Town Council continue their membership to assist in the development and objectives of the group.
- 1.4 The RMTG have commenced profiling. The f Cumbria Area Profile sets out a range of analyses and statistics focusing on key areas linked to the local economy providing a comparison with the England average in a number of areas, which may enhance the understanding of some of the challenges our local area may face. (Appendix A).
- 1.5 The RMTG have developed a Fairer Funding Summary and sets out some of the overall figures that may be of interest to Council to understand the challenges faced. In the fair funding summary, the figures will vary from rural area to area, but the overall average English rural position is set out. (Appendix B)

2. Proposal Details

That Council support the RMTG and join the membership for 12 months at no charge.

Organisational Implications

3. Options Analysis including risk assessment

a) Risks - That the following Council Business Plan priorities are not delivered:

Vibrant town and economy.

b) Consequence

Impact on the Council's reputation and perceived ability to work with stakeholders and the community to deliver the Council's Business Plan and town centre projects

c) Mitigation

The Council supports this and similar projects through positive and productive collaborations and partnership working.

4. Financial and Resource Implications

There are no implications.

5. Equalities Implications

There are no implications.

6. Climate Change and Environmental Implications

There are no implications.

Average hours worked and earnings

(Source: Annual Survey of Hours and Earnings)

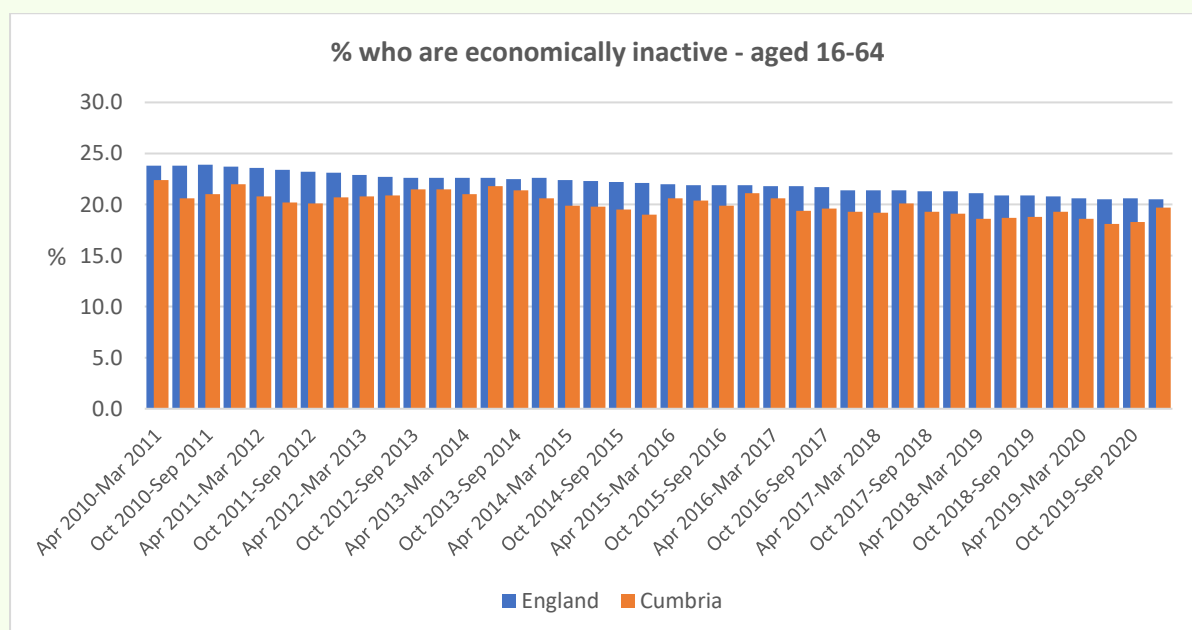

Claimant Count

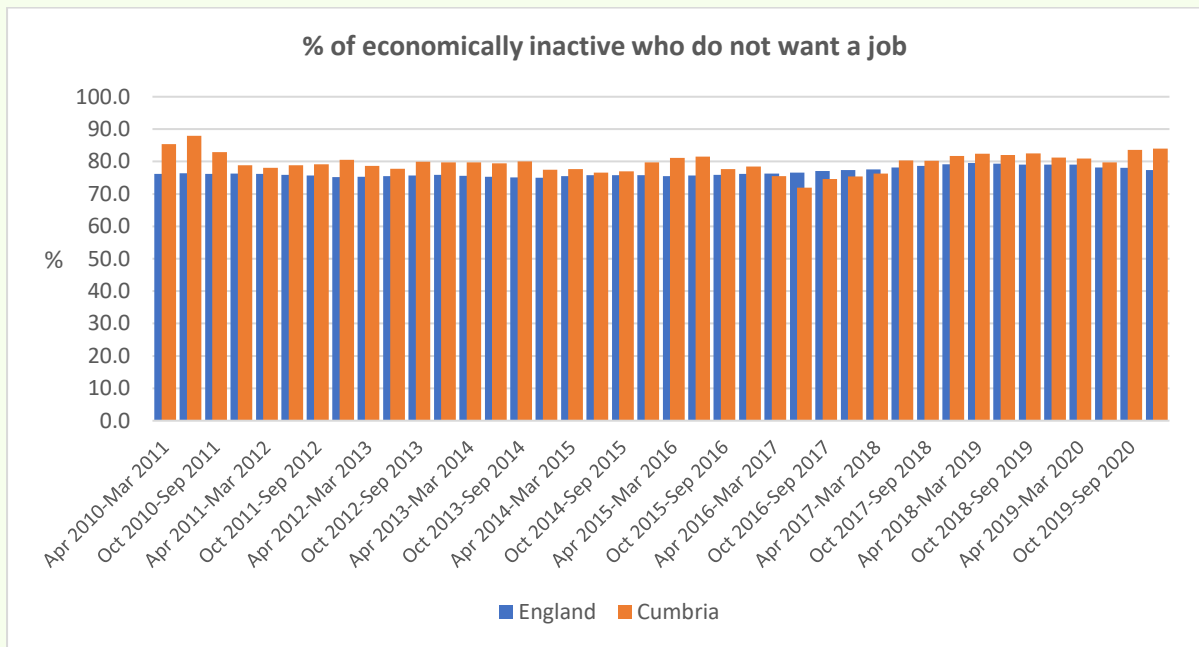

(Source: Department for Work & Pensions - Alternative Claimant Count / Office for National Statistics - Population Estimates)

Economic Inactivity

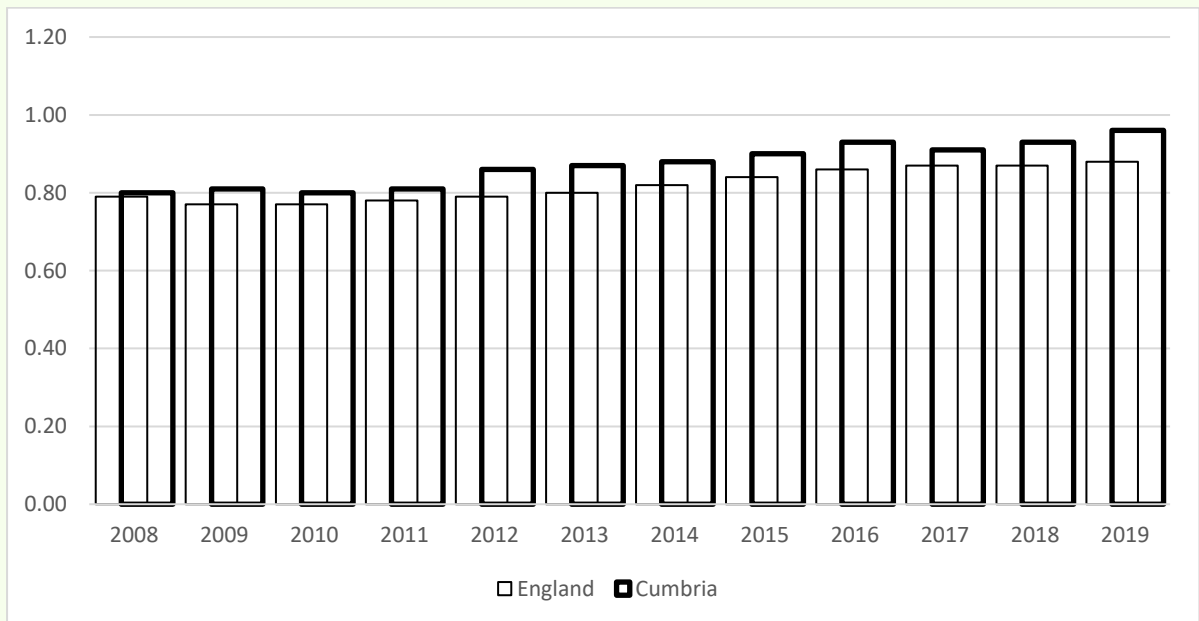

A person who is neither in employment nor unemployed is classed as economically inactive. This group includes, for example, all those who were looking after a home or retired. People not in employment who want a job but are not classed as unemployed because they have either not sought work in the last four weeks or are not available to start work are classed as 'economically inactive - wanting a job'.

(Source: Office for National Statistics – Annual Population Survey)

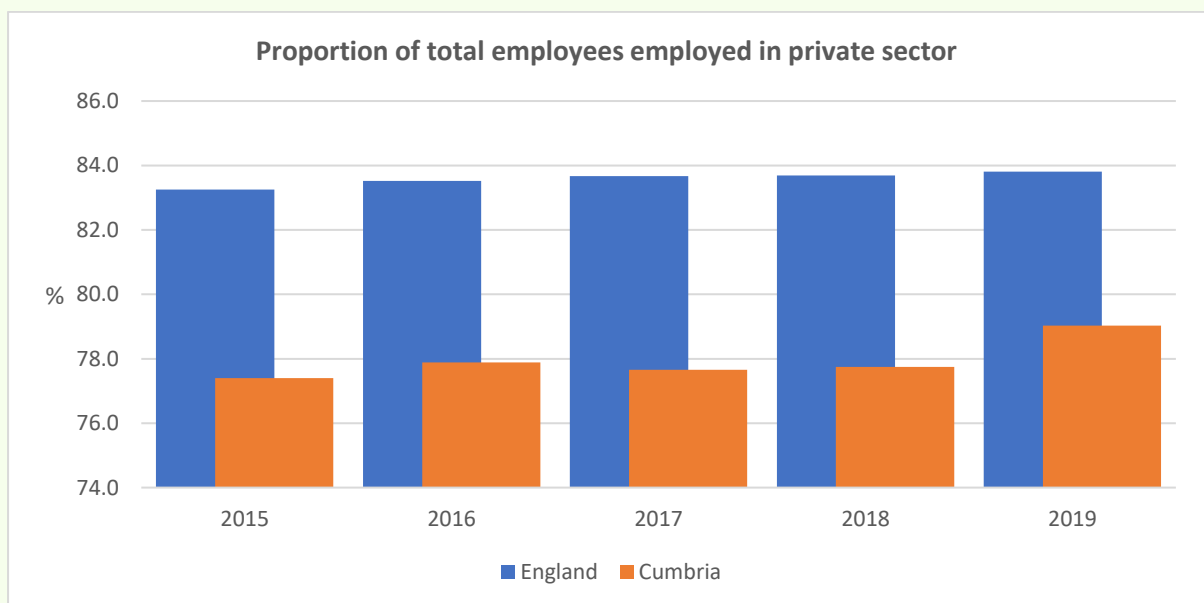

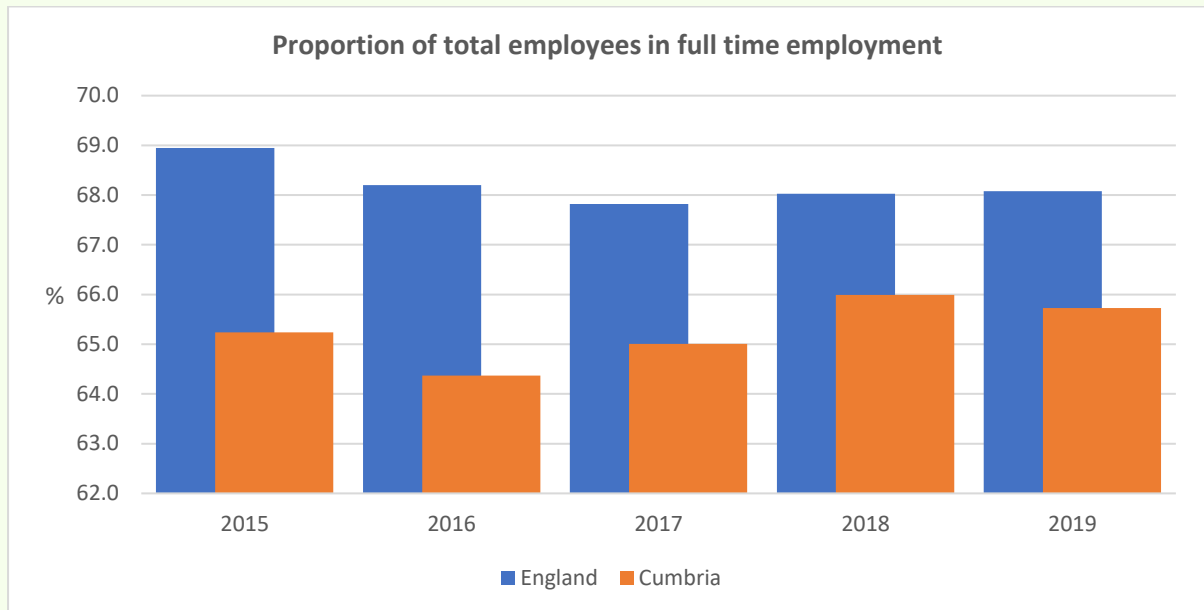

Jobs Density

The density figures represent the ratio of total jobs to population aged 16-64. Total jobs include employees, self-employed, government-supported trainees and HM Forces.

Proportion of enterprises within broad industrial groups

For England the top sectors in 2020 in terms of enterprise count were 'Professional, scientific & technical', 'Construction' and 'Business administration & support services', accounting for 17.5%, 12.8% and 8.8% of total enterprises respectively.

(Source: Office for National Statistics – Inter Departmental Business Register)

Proportion of employees within broad industrial groups

Total employees:

The top sectors in terms of employment for England in 2019 were 'Health' at 12.7%, 'Retail' at 9.2% and 'Professional, scientific & technical' at 9.1%

Full-time employees:

The top sectors in terms of full-time employment in England in 2019 were 'Health' at 10.7%, 'Professional, scientific & technical' at 10.7% and 'Manufacturing' at 10.6%

Part-time employees:

The top sectors in terms of part-time employment in England in 2019 were 'Health' at 16.8%, 'Retail' at 16.7% and 'Accommodation & food services' at 13.4%

Fairer Funding – National Position, 2022

– a rural-urban comparison across English local authorities

The local government finance settlement does not fairly distribute funding across the local authorities of England, and rural local authorities and their residents are unfairly disadvantaged by a combination of lower government funding and higher council taxes.

- Rural local authority areas are systematically underfunded by the Government's funding formula.

Total GFSP per head (£)	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
Rural	310.61	279.41	262.66	241.39	240.22	263.26	267.32	302.62
Gap	114.58	104.90	107.74	110.45	109.53	111.42	112.35	121.57
Urban	425.19	384.31	370.40	351.84	349.75	374.67	379.67	424.19
% difference	37%	38%	41%	46%	46%	42%	42%	40%

- The funding gap in Government Funded Spending Power remains high at around 40% between that received within Urban local authority areas and that in Rural.

- There is a worsening situation in Adult Social Care Support Grant where the funding gap is increasing despite the additional needs of an older rural population.

Total ASCSG (£)	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
Rural	4.15	2.58	11.18	23.70	27.63	38.40
Gap	0.18	0.11	0.50	2.21	4.40	5.66
Urban	4.33	2.69	11.68	25.91	32.03	44.06
% difference	4%	4%	5%	9%	16%	15%

- To fund the shortfall in Government Funded Spending Power received in Rural areas, rural residents are required to pay greater Council Tax each year compared to residents of Urban council areas.

- Residents of Urban local authority areas are paying consistently less Council Tax each year.

Total Council Tax	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23

Gap (£)	-78.63	-82.82	-85.69	-91.95	-94.59	-105.41	-96.15	-104.21
Urban	345.61	365.88	389.06	415.18	441.05	463.68	512.43	507.25
% difference	-19%	-18%	-18%	-18%	-18%	-19%	-16%	-17%

- This is particularly unfair on rural residents who have on average lower locally earned wages.

Outcomes of underfunding, 2022

The result of underfunding rural local authorities is that service provision and those who use those services suffer.

TOTAL DISCRETIONARY SERVICES SPEND

Urban authorities can spend considerably more per head than those in rural areas. Looking at the latest figures for 2021/22 their spend is almost **THREE TIMES** greater per head!

Rural local authorities are not able to fund discretionary services such as library or cultural services to the same extent as their urban counterparts.

Success through campaigning

- Through the consistent campaigning of the Rural Services Network, there has been success for rural local authority areas through the introduction of a grant now known as the Rural Services Delivery Grant, the value to rural local authorities increasing over the years of campaign work to its current value of £85m.

REPORT TO FULL COUNCIL

Date: 18 Jul 2022

Public Report

Item no:14b

Matter: Membership of Outside Bodies

Authors: Town Clerk

Supporting Member: Councillor Lawson

Purpose of Report:

- a) As Councillor Snell already attends meetings of the Penrith and Eden Refugee Network and Eden Health and Wellbeing Forum, agree that she attends these meetings as a representative of Penrith Town Councillor.
- b) As part of the work of the informal LGR Strategic Planning Group, consider:
 - Eden District Council and Cumbria County Council membership of Outside Bodies.
 - The development of Service Area Champions.

Summary:

Councillors participate in a variety of external organisations and support the development of important community services. Engagement with many of these is key to helping the Councils deliver their priorities for the people and supporting the Bodies themselves to deliver their objectives.

Members appointed to outside bodies are able to work with and alongside local community groups, helping to empower them in terms of addressing local issues. Benefits of membership include but are not limited to:

- Provide knowledge, skills and expertise, which may not otherwise be available.
- Ensure that good relationships and effective communication can be maintained with the body.
- Protect the Council's investments or assets i.e. if the Council has provided grant funding or provides funding for service delivery.

Appointments made to Outside Bodies should be sensitive to the need to represent as far as possible the diverse nature of the local community.

With the impending progression to Unitary Council, membership from the various authorities will change.

To ensure that local councillor representation continues a review of the higher authorities' external representation was requested by Councillor Lawson.

Recommendations:

- i. Appoint Cllr. Snell on the following Outside Bodies, which currently do not have a Town Council representative:
 - a. Penrith and Eden Refugee Network
 - b. Eden Health and Wellbeing Forum
- ii. The LGR Strategic Planning Group considers the register of Outside Bodies of the Principle Authorities, Eden District Council and Cumbria County Council (Appendix A) and collate the following information for Outside Bodies related to Penrith:
 - Name of the outside body.
 - Legal status of the organisation, e.g. company, trust, charity, unincorporated association.
 - Identify if the outside body is likely to be changed because of LGR.
 - Establish if a local council can become a member of a representative member of the outside body.
 - What benefits do Members perceive the Council's involvement with the outside body?
 - Capacity in which the councillor is to be appointed, e.g. director, trustee etc.
 - Representative type – Councillor, Officer or both.
 - Member with voting rights or member with observer status.
 - Purpose of the organisation, how this relates to the Council's functions, business Plan and its objectives.
 - Relationship between the Council and the body and the likelihood and extent of any conflicts of interest.
 - Requirements of the organisation's governing instrument, e.g. constitution, trust, deed, memorandum of understanding and articles of association, both as a member and generally.
 - Potential liabilities and risks.
 - Approximate time commitment required (number of meetings / hours per year).
 - Approximate Member costs incurred (travelling etc).
- iii. The LGR Strategic Planning Group consider for 2023, the development of champions for:
 - Armed Forces
 - Children and Young People
 - Older People
 - Homelessness
 - Climate Change
- iv. That the proposed highlighted amendments within the Guidance on representation on Outside Bodies be approved as appended (Appendix B).

Law and Legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

Contribution to Council Business Plan: Living Well - Vibrant Town and Economy

Reviewing the Council's appointment of representatives to and engagement with Outside Bodies links directly to the Council Business Plan. The Plan sets out our commitment to improving the lives of local people and delivering good quality services that are responsive to local needs and expectations with the aim of being as effective and efficient as possible. By working closely with a whole range of organisations the Council can help to ensure that it supports and helps to make the best use of resources to deliver the best outcomes for Penrith.

1 Background

- 1.1 At the Annual Town Council Meeting Council 23 May 2022, Members agreed [Minute ref: PTC14 iii] to review the larger authorities membership to Outside Bodies in readiness for local government reorganisation.
- 1.2 A review of the membership of Outside Bodies for the larger authorities has taken place and is appended at 'A'.
- 1.3 Members also discussed at the Annual Town Council meeting that Eden District Council developing service area champions similarly to the district Council's current approach. It is recommended that these roles be considered for 2023.
- 1.4 The remit and activities of Outside Bodies varies widely. Examples of this difference can be that for some Councillors are only required to attend one AGM whilst in contrast other Bodies require regular monthly (or more frequent) participation, with voting rights and specific responsibilities. Consequently, the structure of each type of organisation and the management and the rules, which govern the organisation, vary. However, the law lays down many requirements with which members must comply and this includes upholding the Seven Principles of Public Life and abiding the Council's Code of Conduct. A review of the guidance for councillor Representation on Outside Bodies has been made because of this research to reflect sector best practise.

2 Options Analysis including risk assessment

a) Risks - That the following Council Business Plan priorities are not delivered:

Vibrant town and economy.

b) Consequence

Impact on the Council's reputation and perceived ability to work with stakeholders and the community to deliver the Council's Business Plan and town centre projects

c) Mitigation

The Council supports this and similar projects through positive and productive collaborations and partnership working.

APPENDIX B

Guidance for Town Councillors appointed as representatives to external community and local organisations (Outside Bodies)

Penrith Town Council believes that appointing representatives to community and local organisations is of considerable value to both the organisation and the Council. Representation for Outside Bodies are confirmed annually by Full Council or when required and it is recommended that the Member who is appointed as the representative should have a particular interest in, or possess knowledge of the responsibilities of the outside body. Engagement with Outside Bodies is key to helping the Councils deliver their priorities for the people and in supporting the Bodies themselves to deliver their objectives. Councillors participate in a variety of external organisations and support the development of important community services. Members appointed to outside bodies are able to work with and alongside local community groups, helping to empower them in terms of addressing local issues. Benefits of membership include but are not limited to:

- Provide knowledge, skills and expertise, which may not otherwise be available.
- Ensure that good relationships and effective communication can be maintained with the body.
- Protect the Council's investments or assets i.e. if the Council has provided grant funding or provides funding for service delivery.

In the context of this guidance 'outside bodies' include trusts, companies, charities, school governing bodies, industrial and provident societies and community associations. Councillors may be involved as a director, trustee, governor or member (with or without voting powers).

With the increasing emphasis on partnership working, councillors, as community leaders, have an important role to fulfil in supporting and advising outside bodies. However, this can give rise to conflicts of interest, particularly where the organisation is seeking or receiving funding from the Council. Councillors always need to be clear about their roles and alert to potential conflicts of interest in order to ensure transparency and public confidence in local democracy.

The purpose of this guidance is to assist councillors in the discharge of their responsibilities on outside bodies clearly and effectively. It covers, primarily, the position of councillors appointed by the Council to serve on outside bodies, though much of the advice applies equally to councillors who are involved with outside bodies in a private capacity. In those situations, however, the Council's insurances will not apply.

Application of the Code of Conduct for Members

Whilst representing the Town Council, Councillors are reminded that they are **obliged** subject to abide by the Penrith Town Council Standing Orders and Code of Conduct. Members found to have breached the Council's Code of Conduct will be removed from representing the Council on Outside Bodies for the term of the Council and support for executive appointments withdrawn.

Councillors who serve on more than one body, in particular, need to be mindful of potential conflicts of interest and always act in an open and transparent manner in carrying out their respective roles. For example, where a councillor is at a council meeting considering an application for a grant or a community asset transfer request from a parish council or other public body of which they are a member, they should declare the existence and nature of their interest. Having done so, they may take part in the discussion of that item and vote, unless there are particular reasons why this would not be appropriate. It is also advisable as a matter of transparency, to include details of the interest in their register of interests.

Predetermination and Bias

Predetermination occurs where someone has a closed mind so that they are unable to apply their judgement fully and properly to the issue requiring a decision. This can lead to legal challenges and decisions being set aside.

The Localism Act 2011 has clarified the rules on predetermination. It makes it clear that a councillor is not deemed to have had a closed mind on an issue just because they have indicated what view they have taken or may take before the issue is decided. A councillor is not, for example, prevented from participating in discussion of an issue, or voting on it, if they have campaigned on the issue or made public statements about their approach to it. The general position remains however, that, whatever their views, councillors must approach their decision-making with an open mind in the sense that they must have regard to all material considerations and must be prepared to change their views if persuaded that they should.

Councillors need to be aware that decisions may be challenged and set aside on the grounds of bias. Under common law, bias involves some element of partiality or personal interest in the outcome of a case, because of a close connection with the parties, or the subject matter of the dispute, or because of a tendency towards a particular shared point of view. The relevant test for bias is whether the fair-minded and informed observer, having considered the facts, would conclude that there was a real possibility that the decision-maker was biased. The risk of a successful challenge on these grounds may be overcome by proper observance of the requirements of the Code of Conduct and particularly the provisions set out above.

Liability, Insurance and Indemnity

Councillors can incur personal civil and criminal liability from formal participation in outside bodies. However, under section 265 of the Public Health Act 1875 (as applied by Section 39, Local Government (Miscellaneous Provisions) Act 1976), councillors enjoy statutory immunity from civil liability where they act within the powers of the authority, in good faith and without negligence. This immunity does not apply however, where they act beyond the powers of the Council or act in bad faith (i.e. with dishonest or malicious intent) or negligently, and it does not protect them from criminal liability, for example for fraud where they exercise managerial responsibilities.

Penrith Town Council has a wide insurance provision to protect its assets and liabilities. Within these provisions, the Council has extended its cover to protect Councillors when carrying out duties in connection with the business of the Council.

Confidential Matters

Councillors appointed to serve on outside bodies should be mindful of their legal obligations regarding disclosure of confidential information and in case of doubt should seek advice from the Town Clerk or solicitor. Councillors are not at liberty to divulge any Penrith Town Council matters of a confidential nature to any individuals or organisations irrespective of their representative role.

General

As part of the new councillor induction process, Members will be supported to develop an understanding of their role and responsibilities regarding participation on Outside Bodies, and provided with appropriate guidance. Members will receive a briefing from officers about the role of the body, the Council's policy position in relation to this area of work, and any key information and facts that Members need to be aware of prior to attending their first meeting. A Senior Officer is designated as a link for each outside body, and their contact name and details are made available to Members and as part of the general list and information relating to Outside Bodies.

Councillors acting as representatives do not have authority to commit Council to any course of action or any financial obligation without the matter being referred to Council for consideration.

Members are welcome to attend any Outside Bodies as part of their own ward case work or personal interest in a private capacity rather than as a representative of the Council. Members will need to ensure that they are clear in advising these Bodies when they are not serving on them as a representative of the County Council and its views.

Procedures

There are two categories of representation:

1. Representatives to organisations that are legally or constitutionally required to have a Town Council representative: for example Eden Association of Local Councils.
2. Representatives who are requested by organisations but where there is no legal, constitutional or funding obligation.

Representatives appointed under the first category will be expected to attend meetings of that organisation on a regular basis and make oral reports to Council after each meeting.

Representatives appointed under the second category should attend meetings where possible and report to Council after each meeting attended.

Representatives are expected to report in writing if they are unable to attend the next Full Council meeting.

It is imperative that the Town Council's representative report to the Town Council includes any matters which could have a major impact on the town or its residents or which are contrary to Council policy. If necessary, such matters should be reported to Council in a confidential session of the meeting and at the earliest opportunity.

In addition, they may give prior notice to the Town Clerk / Chair of the Council that they wish to raise a matter for consideration by Council and that matter will be itemised on the next appropriate Council agenda.

Councillors attending organisations' AGMs are expected to submit to Council copies of the organisation's Annual Report and Accounts.

All Members who are appointed to Outside Bodies will provide an annual report to feedback any key matters from their attendance on the Outside Body. This would form part of the Annual Town Meeting Agenda and Annual Report.

Review

This guidance, the appointments and the register of Outside Bodies is reviewed as and when new appointments are agreed throughout the municipal year and at least once a year at the Annual Town Council Meeting.

Public Report

Item no:14c

Matter: Membership of the Town Working Group

Authors: Town Clerk

Supporting Member: Councillor Knaggs

Purpose of Report: Review Councillor Representation

Summary:

Cumbria County Local Committee for Eden established Penrith Members Working Group in 2018 as a forum for Penrith Ward County Councillors and County officers in Eden, to discuss issues and opportunities relating to Penrith as the district's main town and service centre and to inform the agenda of the Local Committee of Eden.

In 2018, a tripartite group of council officers was established to support this initiative. It was developed to minimise red tape, avoid duplication of effort, identify joint priorities, to share resources, support effective communication, identify common goals and priorities, and share information to facilitate joint projects. This group is the Town Working Group [TWG].

The purpose of both groups is to use intelligence and data to identify the key issues and opportunities relating to Penrith. Taking these priorities, the working groups would undertake further research and develop more detailed consultations to inform how best to develop Eden Local Committee's work relating to Penrith.

The Local Committee for Eden Working Group:

- a. Supports the development of work in Penrith aligning to outcomes of the Council Plan, Eden Area Plan and the Eden Health and Wellbeing Forum.
- b. Provides a means of co-ordination in respect of joint action and joint working, including collaboration with appropriate bodies such as Eden District Council, Penrith Town Council, representatives from the business community, the NHS and appropriate third sector organisations.
- c. Gathers intelligence to aid the Local Committee on decision making with regards issues relating to Penrith and provide a means for the formulation and expression of joint views on issues of strategic significance.

Recommendations:

- i. That a request is made to the Local Committee for Eden Working Group for the terms of reference be reviewed for :
 - the Stakeholder Group to include Members.
 - the term partners and stakeholders to be defined.
 - the Town Stakeholder Group have its own terms of reference.

- Place a numerical value on membership of the Stakeholders group, e.g. 2 Officers from each of CCC, EDC, PTC, 1 each from the two BID's, 1 from Chamber, 3 Voluntary Sector etc.
 - Details of how joint engagement sessions for members would be managed.
- ii. Clarity is sought on how the Local Committee for Eden, Penrith Members Working Group, the Town Working Group and the Town Stakeholders Group will be transitioned into the work of Westmorland & Furness after Vesting Day.

Law and Legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, that having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

Contribution to Council Business Plan: Living Well - Vibrant Town and Economy

Reviewing the Council's appointment of representatives to and engagement with Eden Area Local Committee and Penrith Stakeholders links directly to the Council Business Plan. The Plan sets out our commitment to improving the lives of local people and delivering good quality services that are responsive to local needs and expectations with the aim of being as effective and efficient as possible. By working closely with a whole range of organisations the Council can help to ensure that it supports and helps to make the best use of resources to deliver the best outcomes for Penrith.

1 Background

- 1.1 At the Annual Town Council Meeting Council 23 May 2022, Members agreed [Minute ref: PTC14 iv] to consider the councillor representation on Cumbria County Council's Penrith Town Working Group.
- 1.2 Members expressed that in their opinion unelected representatives sat on Town Working Group (TWG) with Penrith Town Council officers and there was no Councillor representation. The TWG is an officers group.
- 1.3 The Terms of Reference for the TWG are appended at 'A' Section 1 onwards.
- 1.4 The Town Stakeholder Group is made up of local authority representatives and stakeholders: Appendix A 2.1 and 4.1 2.
- 1.5 The Officer Group is required to recommend for approval to their respective parent authorities, any joint venture partnership agreements, projects and schemes of work that require assessment, planning, funding, implementation and development of schemes of work that enhance Penrith, and ensure that members of parent authorities are engaged in the development of projects at an early stage and formal approval is provided.
- 1.6 Officers are required by the terms of their group to consult and receive direction, where appropriate, from Elected Members, seek appropriate approval on any matter from the parent authorities when required.
- 1.7 At 4.1 three the ToRs states that "Councillors are central to the work of the TWG and will be invited to attend groups on specific project as appropriate".
- 1.8 At 3.10 the ToRs state that "final recommendations will then be reported to each authority's appropriate decision-making forum to enable councillors to consider what is being proposed and decide accordingly."

- 1.9 The terms of reference of the TWG states, "The Town Stakeholder Group will comprise of officers from Cumbria County Council, Eden District Council and Penrith Town Council plus representatives of Penrith BID, Penrith Industrial BID, Penrith Chamber of Trade and the third sector who will share information and be involved in specific projects". There is no mention of Councillors being involved in the Town Stakeholders Group.
- 1.10 Within the 'Functions' section of the Town Working Group's terms of reference it describes the first function as "Consult and receive direction, where appropriate, from Elected Members, partners and stakeholders and agree a consensus of evidence-based priorities for short, medium- and longer-term projects that will be developed into a joint action plan for Penrith. Consultation will take place via the Town Working Stakeholder Group with representatives from the Business Improvement Districts, Chamber of Trade and third sector representative."
- 1.11 Though the above paragraph mentions that elected members will be consulted the last sentence does not mention Members.
- 1.12 There appears to be no or little representation on the Stakeholder Group for services/activities outside of businesses such as sports, leisure, arts, culture, health, young people, support and welfare groups (health, autism, friends of the Beacon, Refugee Network etc.).
- 1.13 The terms state that joint member engagement sessions will take place so that members are involved in helping to shape project planning and to keep them informed. To date this appears not to have taken place for the consideration of the broad spectrum of project activities.
- 1.14 Considerable officer time from all authorities has been spent on developing these groups and their activities. The results of their efforts can be measured via the Borderlands Groups, Marketing Group, LCWIP, Parking and movement Study and the enhance communications that the Town Council has with stakeholders and with County Council. The continuance of the TWG, the Stakeholder Group and associated Project Groups is unknown as we progress to Vesting Day.

Organisational Implications

2. Options Analysis including risk assessment

a) Risks - That the following Council Business Plan priorities are not delivered:

Vibrant town and economy.

b) Consequence

Impact on the Council's reputation and perceived ability to work with stakeholders, principal authorities and the community to deliver the Council's Business Plan and town centre projects

c) Mitigation

The Council continues to strive for positive and productive collaborations and partnership working.

3. Financial and Resource Implications

There are no implications.

4. Equalities Implications

There are no implications.

5. Climate Change and Environmental Implications

There are no implications.

APPENDIX A

PENRITH TOWN WORKING GROUP

TERMS OF REFERENCE

1. PURPOSE

- 1.1 The Town Working Group (TWG) will aim to deliver projects that require corporate and/or major public sector involvement, investment and resource. The TWG will act strategically and oversee the Stakeholder Group and Project Groups, which will work operationally to identify Penrith, based projects that will deliver the Towns strategic aims and assist the delivery of projects.
- 1.2 Projects could include public domain maintenance improvements, infrastructure developments, improved car parking, transport initiatives, and approved associated priorities from the respective stakeholders that support sustainability, improved quality of life, economic growth, inward investment, tourism, good health and wellbeing and marketing.
- 1.3 The Group will recommend for approval to their respective parent authorities, any joint venture partnership agreements, projects and schemes of work that require assessment, planning, funding, implementation and development of schemes of work that enhance Penrith, and ensure that members of parent authorities are engaged in the development of projects at an early stage.
- 1.4 Working in partnership and collaborating as a TWG will assist in project delivery in a timely, efficient and cost effective manner minimising the need for “red tape” between the local authorities.
- 1.5 The TWG or lead authority will ensure that projects are progressed and will ensure that all the required negotiations with third parties and the preparation of full project appraisals (including costs and indicative timetables) and other preliminaries, are completed prior to the commencement of a project.
- 1.6 Officer Representatives of the three tiers will be awarded or already be provided with the authority to act within their respective authorities’ long and medium-term financial strategy, business plans, corporate plans and associated budgets. The officers will therefore have authority to make decisions within a previously agreed tolerance, work stream, or be in the position to develop reports for their respective committees where appropriate decision-making responsibilities may lie.
- 1.7 The Group will act in accordance with their respective policies and procedures and ensure a regular flow of relevant information to/from parent authorities,

agreeing joint communications in advance of dissemination to ensure consistency of approach.

2. FUNCTIONS

The TWG will:

- 2.1 Consult and receive direction, where appropriate, from Elected Members, partners and stakeholders and agree a consensus of evidence-based priorities for short, medium- and longer-term projects that will be developed into a joint action plan for Penrith. Consultation will take place via the **Town Working Stakeholder Group** with representatives from the Business Improvement Districts, Chamber of Trade and third sector representation.
- 2.2 Seek appropriate approval on any matter from the parent authorities when required.
- 2.3 Take recommendations to partner authorities to agree joint funding for shared priorities and projects.
- 2.4 The TWG will report back regularly to the respective authorities and its members regarding project activities. (and the prioritisation of any activities) Joint member engagement sessions will take place so that members are involved in helping to shape project planning and to keep them informed
- 2.5 Offer public, private and third sector stakeholders' opportunities to present investment and development proposals and co-ordinate these interests to deliver the Penrith based projects.
- 2.6 Offer guidance and comment on the use of stakeholders' land, assets, services, resources and developments as they relate to the delivery of the projects.
- 2.7 Seek the highest possible standards of environmental sustainability for each project.
- 2.8 Protect and improve local amenity and environmental quality.
- 2.9 Have regard to equality considerations in all activities.
- 2.10 Communicate and engage effectively with all stakeholders.
- 2.11 Consider and advise on the use of new partnership delivery models to support town projects.
- 2.12 Use **Project Groups** to deliver agreed actions, to time and budget, managing risks and addressing issues as they arise.

3. PROJECT GROUPS

3.1 The objectives of the project groups will be as follows:

- a) To have authority to make decisions within the agreed parameters as defined by the Town Working Group with the approval of the parent authorities'
- b) To establish and manage the key activities on any project.
- c) To identify and mitigate risks.
- d) To ensure the projects and associated activities are delivered to time and budget.
- e) To keep the Town Working Group updated.
- f) To agree detailed next steps on any project.
- g) To monitor quality outputs and constraints.
- h) To define and realise benefits.
- i) To define and implement strategy.
- j) To ensure the development and implementation of an effective resident and stakeholder strategies.
- k) To agree joint communications for the project.

3.2 The groups will report to the TWG, providing a summary report of the project.

3.3 The following may make up the membership of the project groups:

- a) Local Government Officers from any tier who may not necessarily be the representatives on the TWG but may be specialists contributing to a project if it falls within their remit of responsibilities.
- b) Representatives from the Business Improvement Districts and Chamber of Trade, LEP, Community Growth Hub and third sector representatives.
- c) Stakeholders, partners and community groups nominated by the TWG such as Highways England, Health Authority, community groups, or others as may be appropriate.
- d) Contractors and experts employed to work on the project.
- e) Consultants employed to work on the project.

3.4 Meetings will be scheduled as appropriate throughout the life of each project and will not be open to the public noting at times that commercial information may be discussed.

3.5 A Project Group will not always have to meet face-to-face, and can make decisions within agreed parameters via email or video conference when an urgent matter arises.

3.6 An agenda should be distributed at least two days prior to a meeting supported by the notes from the previous meeting and a Project Status Report so that participants can be prepared for the meeting.

- 3.7 The notes of Project Group meetings shall record work to be undertaken, and actions agreed, including who is responsible for taking any actions and the dates of completions.
- 3.8 The action logs will be submitted with a summary Project Status Report to the TWG as required and at least quarterly.
- 3.9 Project Group participants will ensure their actions, recommendations and decisions are in the best interests of the whole project and to protect the reputation of all the organisations involved.
- 3.10 The project group shall aim to proceed on the basis of consensus. If necessary a number of options can be recommended by the group if a consensus can't be reached. Recommendations of the Project Group will be submitted to the TWG and final recommendations will then be reported to each authority's appropriate decision-making forum to enable councillors to consider what is being proposed and decide accordingly.
- 3.11 Project Group participants are expected to identify and declare any actual, potential or perceived conflicts of interests in matters being discussed at the board.
- 3.12 Where issues have been identified as confidential or participants have disclosed personal information or views in the course of a meeting, such information should not be used for personal benefit nor disclosed to any third party.
- 3.13 Emerging matters, beyond previously agreed tolerances or terms, will be escalated to the TWG. An escalation may occur when the programme deviates beyond agreed tolerances on:
- Budget
 - Resource
 - Quality
 - Project Brief
- 3.14 The following behaviours are expected from all group members:
- a) Provide contributions that are courteous and constructive.
 - b) Listen to each other, respect other peoples' views and allow open discussion.
 - c) Provide any correspondence sent on behalf of the project available to all participants and not to speak, make representations or write on behalf of the project or group without the prior agreement of the group.
 - d) Act in a non-political manner.
 - e) Refrain from confrontational behaviour and verbal and physical abuse at all times.

- f) Communicate the agreed position of the project group outside of meetings and not individual views or positions, whether one's own or those of other members of the group.
- g) Consistent minor breaches may result in the member being asked to leave the meeting.
- h) Serious breaches, including breaching confidentiality, providing false information about the project, not declaring a conflict of interest and verbal or physical abuse, will result in removal from the project group.

4. CONSTITUTION OF TWG

4.1 MEMBERSHIP

REPORT TO COUNCIL

18 July 2022

Matter: Budgetary Control Statement 2022-23: Expenditure to 31 May 2022

This is a public report

Purpose of Report:

Consider the budgetary control statement for the two-month period to 31 May 2022.

Item no: 15a

Author: Jack Jones, RFO

Supporting Member: Cllr Dave Knaggs, Finance Committee Chair

Recommendations

Council is recommended to receive and approve the report.

Law and legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, who having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

The Local Government Act 1972 requires the Council to have sound financial management.

Link to Council Priorities

Robust budgetary control supports the Council in its delivery of priorities within the approved budget framework.

1. Report Details

A. Budgetary Control Statement (Appendix A)

The attached budgetary control statement shows the following information, analysed over the most detailed budget headings:

- The full year's Approved Budget for 2022-23, which was ratified by Council on 24 January 2022.
- The Latest Budget for the full year; the agreed changes from the Approved Budget include the allocation of funds from the Devolution Reserve to meet the costs of the replacement bus shelter at Scotland Road and an initial contribution to the Stage 2 development work at Thacka Beck. Council on 23 May made some further changes to the budget to accommodate staff establishment changes; as these are subject to review elsewhere on this agenda, they are not included in the Latest Budget figures.

- The budget to date, based on the latest budget for the year. This proportion is the anticipated budget for the first two months of the year, based on a forecast of the expected pattern of income and expenditure, known as the budget profile. For most headings, this profile will be a simple pro-rata of the annual budget (i.e. 2/12ths for the current period), however more detailed profiles have been used for several budget headings (eg Greening expenditure is weighted towards the first half of the year).
- Actual income and expenditure to 31 May, based on the matching principle, which means taking account of all income and expenditure which relates to the period, irrespective of when it is paid/received. An exception to the general matching rule is that grants approved but not yet paid at the end of the period are included as expenditure, on the basis that this gives a truer view of expenditure against budget.
- The variance between the actual income and expenditure and the profiled latest budget for the period. Variances are expressed as favourable (positive) where there is an underspending or increased income, and as adverse (negative and bracketed) where there is an overspending or reduced income.
- The position on the Council's three reserves: its General Reserve, Devolution and Acquisitions Reserves, at the end of May. To give a truer view of the General Reserve, it is assumed that contributions to the Devolution Reserve are made during the year at each month-end.

B. Commentary

The statement shows underspending on most budget headings, which is to be expected at this early stage in the year. The following comments concentrate on unusual or unexpected variances.

B.1 Income

Overall income of £77,596 exceeds the profiled budget of £77,144 by £452.

- The approved budget set a very modest amount for investment income; returns have improved since then and the budgeted income has already been exceeded

B.2 Planning Committee

Expenditure of £1,628 is shown against the profiled budget of £4,716, an underspending of £3,088.

- The only notable expenditure is on Climate Change, where £1,545 has been spent against the full annual budget of £1,000. The excess can be offset against underspending elsewhere in the Climate Change budget.

B.3 CCEG Committee

Net spend of £6,049 is shown against the profiled budget of £24,084, an underspending of £18,035.

- The Arts & Culture Development budget is currently underspent by £1,161, however the timing of the events means that further expenditure will be made in June.

B.4 Finance Committee

Net expenditure of £53,398 is shown against the budget to date of £63,862, an underspending of £10,464. The main variances are as follows:

- The Staffing budget is currently underspent by £6,443. This is due to reduced establishment costs resulting from a vacant post and a long term sickness absence, offset by the cost of the April 2021 pay award and recruitment expenses exceeding the annual budget. A revision to the Staffing headings is proposed in the accompanying report on the budget.
- The £25,000 contribution to the Thacka Beck development scheme is expected to be spent in the second half of the year so does not appear in the profiled budget to date.
- Repairs and Renewals show an overspending of £384 to date; this is mainly due to door repairs to the Council Office costing £490.

B.5 Total Expenditure & Increase/Decrease in General Reserve

- The individual variances result in an underspending of £33,587 against the profiled total expenditure budget of £94,662. As there is £452 more income, there is a net variation of £34,039 on the profiled amount transferrable to the General Reserve.

B.6 Reserves

- The Actual to date column includes the General Reserve balance at 1 April 2022 of £428,090 which was £69,332 higher than forecast in the Approved Budget because of underspendings in 2021-22. This amount has been committed to funding changes to the staff establishment.

The profiled budget assumes that the Reserve should decrease by £17,518 in the period, resulting in a balance of £341,240 at 31 May. The actual balance on the reserve at the month end is £444,611, which is £103,371 higher than expected.

- The Devolution Reserve opened the year with a balance of £149,855 which was £2,453 higher than the Approved Budget. As noted above, the actual amount of £2,503 transferrable into the Devolution Reserve is £1,896 higher than profile, resulting in a total of an additional £4,349 in the Reserve.

C. Balance Sheet (Appendix B)

Appendix B shows the Council's balance sheet as at 31 May 2022. The following points may be noted:

- The total invested of £549,909 includes £378,860 placed with CCLA, pending the recommended investment from HSBC.
- The main debtor balances are £3,119 VAT reclaimed from HMRC in respect of April and May transactions and a £2,613 grant from Eden DC.
- Prepayments of £11,938 include adjustments for insurance, office rental, licences, subscriptions and maintenance agreements.
- The HSBC Bank balance stands at £486,992, largely due to the early receipt of the full year's precept from Eden DC; a separate item on this agenda recommends transferring part of this balance to CCLA.
- Accruals of £7,342 represent goods and services received before 31 May, where the payment was not made by that date. Individual items include staff time, grounds maintenance, caretaking and audit and accountancy fees.
- The Payroll Control balance of £7,980 relates to deductions calculated in the May payroll; the total is due to HMRC for income tax and national insurance and to the Cumbria Pension Fund for superannuation.
- The Receipts in Advance figure represents income for the period 1 June 2022 to March 2023, already received from Eden DC as precept and grants, together with monies from United Utilities for planting maintenance.

D. Conclusion

The budgetary control statement shows that net spending to 31 May was around £34,000 below the Latest Budget for the period. The proposed budget review will address some of the variances, however the current staffing position may restrict progress in spending on programmed budgets for some time.

Finally, there are no issues arising from the Council's balance sheet at 31 May.

2. Options Analysis including risk assessment

Risk & Consequences

The Council may fail to receive expected income or may incur unexpected overspending, potentially leading to the curtailment of planned expenditure.

Adverse criticism of over or underspending.

Controls Required

A sound budgetary control system with regular reporting and identification of issues.

3. Financial and Resource Implications

This report is concerned solely with financial management.

REPORT TO FULL COUNCIL

Date: 18 July 2022

This is a public report

Matter: Revised Budget 2022-23 & Medium Term Financial Plan

Purpose of Report:

Consider revisions to the current year's Approved Budget and the Medium-Term Financial Plan.

Item no: 15b

Author: Jack Jones, RFO

Supporting Member: Cllr Dave Knaggs, Finance Committee Chair

Recommendations

- i. Note that the Finance Committee, FIN22/09, 27 June 2022, recommends approval of the proposed revisions to the Approved Budget 2022-23 and the resulting Medium Term Financial Plan.
- ii. Note that the Finance Committee recommends that the proposal to reduce the General Reserve Target from 35% to 30% from 01 April 2026 be approved.
- iii. Council is recommended to receive and approve the draft Revised Budget and Medium Term Financial Plan including the amendment to the General Reserve target.

Law and Legal Implications

The Town Council resolved from 20 May 2019, until the next relevant Annual Meeting of the Council, who having met the conditions of eligibility as defined in the Localism Act 2011 and SI 965 The Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012, to adopt the General Power of Competence.

The Local Government Act 1972 requires the Council to have sound financial management.

This report identifies resources to deliver the Council's priorities within a sustainable budget framework.

Report Details

a) Finance Committee on 25 April considered the additional short- and medium-term costs of two changes to the Council's staff establishment:

- The increase in hours from 8 to 16 per week for the RFO post
- The creation of a full time Community Services Officer (CSO) post to replace the vacant Community Engagement Officer (CEO) post.

The Committee proposed the following package of measures to fund these items:

- Use of the underspending from 2021-22, which was added to the General Reserve at the end of that year
- Re-allocation of the balance in the Acquisitions Reserve
- Forego the allowance for new financial growth in the Medium-Term Financial Plan
- Reduction in 2026-27 Staffing budget at the end of the Sustainability Officer's fixed term contract.

The package was subsequently approved by Council on 23 May 2022.

b) These measures were formulated in a broad brush approach and the details need to be incorporated in the normal budget format to facilitate budget monitoring and to prove the Medium Term Plan projections. This report provides that detailed information; in addition to the package of measures summarised above, the opportunity has been taken to address some minor changes to the current year's budget.

c) **Appendix A** shows the detailed Approved Budget and the proposed changes, with a short description of the reason for each, resulting in a draft Revised Budget. For clarity, the changes comprise:

- An increase in the expected returns on investments as the approved income budget has already been exceeded.
- Allocation of the cost of the April 2021 pay award from the Contingency provision to Staffing budgets.
- Increase in the hours for the RFO post and creation of the CSO post by deletion of the CEO post; these are now assumed to take effect from 1 August, although this date is looking optimistic.
- Recognition of the Sustainability Officer's sickness absence by removing the post's salary from 1 April to 31 July.
- Increase in the Recruitment Expenses budget to reflect actual expenditure.
- Use of the Devolution Reserve to fund the Scotland Road replacement bus shelter and the initial contribution to the Thacka Beck Stage 2 development.
- Transferring the balance in the Acquisitions Reserve to the General Reserve.
- Introduction of the actual reserve balances brought forward on 1 April 2022.

d) One further issue arose as these changes were being quantified. The Arts & Culture Development budget for the current year is £10,000. To date, the costs of four events are being charged against the budget:

- Bunting installation
- 1940's weekend – town centre only
- Beacon lighting
- Jubilee jamboree.

Expenditure on these items is expected to total around £19,000, including £2,000 for the bunting, ie a potential overspending of £9,000. The local Lions supported the Council in the installation and removal of the bunting and it is proposed to donate £1,000 to the organisation in recognition of their efforts, which would take the overspend to £10,000.

Officers have discussed the overspending and will present a full report to Members on the reasons and the lessons learned. In the meantime, they suggest that the overspend is accommodated by charging the £2,000 direct costs of the bunting and the proposed £1,000 donation to the Town Projects budget and transferring £7,000 from the Large Grants budget to the Arts & Culture Development budget to meet the remaining direct costs. The £7,000 transfer has been included in the Revised Budget at Appendix A.

e) These changes were incorporated into the detailed Medium Term Financial Plan (MTFP) model, together with the removal of the allowance for future growth and the adjustment for the Sustainability Officer's five year contract. Unfortunately, at this stage a problem was identified as the MTFP did not balance as expected. The reason was traced to an error in the January MTFP as the calculation of the cost of the 2021 pay award was included for 2022-23 only and not carried forward into future years.

f) In order to retrieve the situation, it is proposed that one of the underlying parameters of the MTFP is changed. Currently the Plan's forecast is based on achieving a target for the General Reserve balance of 35% of expenditure by 31 March 2025 and maintaining this thereafter. Over the life of the Plan, the Devolution Reserve is forecast to increase by around £23,000 each year and will reach a considerable amount by the final year of the Plan, 2026-27. On this basis, it would be both reasonable and prudent to reduce the General Reserve target from 35% to 30% from 1 April 2026 onwards ie for the final year of the Plan. This proposal was considered by the Finance Committee on the 27 June 2022 and recommended for approval by Full Council. The remaining Plan parameters are unchanged and **Appendix B** provides a balanced medium term forecast incorporating this proposal.

Options Analysis including risk assessment

Risk & Consequences

The Council may fail to recognise the ongoing costs of staff changes over the medium term, leading to unsustainable budgets or unpalatable financing decisions.

Controls Required

A robust medium term planning process to ensure budgets are viable.

Financial and Resource Implications

This report is concerned solely with financial management.
